ORIGINAL
JULIUS-K9®
IDC® POWER
HARNESS

2 0 2 2

The information in this guide will assist you in identifying the original **IDC®POWERHARNESS**.

We would like to inform our customers that there are counterfeits and copies on the market, mainly made in the Far East, that are identical in shape or deceptively similar to **JULIUS-K9®** products, and in some cases also bear the brand name.

In the case of non-original products, our company does not accept any liability, so the warranty related to **JULIUS-K9®** products cannot be enforced for such products, and we also exclude liability for damages resulting from their use.

RUBBER LABEL

The rubber labels next to the leash holding ring are featured in two different versions on the harnesses.

HARNESS HANDLE

The handle of the original harness is made of a ribbed strap for small sizes (XS / Mini-Mini size to S / Mini size), while on larger sizes, the handle was given a flat surface and an extremely reliable design.

XS/MINI-MINI - S/MINI

M/0 - L/1 - XL/2 - 2XL/3 - 3XL/4

LINING

IDC®Powerharnesses are made with two types of OEKO-TEX® rated lining materials. The lining is sewn through the sponge-laminated version, while the thin cotton lining covers the seam.

Sizes Baby1 (3XS) and Baby2 (2XS) will temporarily be manufactured with the three different linings below.

Sizes Mini-Mini (XS) and Mini (S) will be made with the two types of lining below.

HARNESS PATCH

The IDC®Powerharness is sold with JULIUS-K9® hook and loop fastened patches that bear the brand name. The harnesses may feature the following patches. Custom patches are also available in a wide variety, in solid white and also in luminous and reflective versions. Choose the original from the inventor!

REFLECTIVE ELEMENTS

Many parts of the IDC®Powerharness have reflective properties.

Reflective seaming

Reflective stripe on the chest strap (size 3XS / Baby1 to size S / Mini)

Reflective strip on the chest strap (size M / 0 to size 3XL / 4)

BUCKLE

Original harness buckle made by JULIUS-K9®.

The XS/Mini-mini size was made with a different buckle

RINGS AND CHEST STRAP CONNECTORS

The complete transition to plastic, which has affected the leash rings, is expected to apply to the other harness models by the end of 2022. The leash holding ring and metal chest strap connector on the IDC®Power harness and K9®Powerharness 3XS/Baby1, 2XS/Baby2, XS/Mini-mini, S/Mini sizes are to be changed to plastic.

In the case of the IDC®Stealth and IDC®Powerharnesses with safety lock size M/O the metal oval ring on the safety lock's hook and loop component will also be changed to plastic.

LAMP HOLDER

An elastic light mount has been placed on the saddle part of the IDC®Powerharness (0/M, 1/L, 2/XL, 3/2XL, 4/3XL) , on one side of the grip which was replaced by a mobile light mount. This means, that the sewn-on light mounts were removed from the harnesses. The new light mount is no longer included with the harness.

SMALL SIZE PATCH

Every original JULIUS-K9® IDC®Powerharness has a label saying; **IDC by JULIUS-K9®**
